Ever Widening Circles & Mystical Moments

Autobiographical, Historical, Spiritual, Psychological & Political

Jean Shinoda Bolen, MD

"When I was a child, I had some profound experiences. That were purely subjective knowing, a deep comfort. Though few and far-between. As I grew older I felt them as mystical moments. Looking back with retrospective insight, I know These soul encounters with the sacred shaped my life. Gave my life meaning, defines me now."

Welcome to my 2023 Newsletter!

I stopped sending eNewsletters soon after the end of the first year of sheltering in place. I came back from Cairo, Egypt where I was an honored speaker at the Women's Economic Forum (March 4-9, 2020), just days before President Trump cancelled all international flights to the USA for the next 30 days. I began doing my office practice on my computer screen at home. I also began speaking via ZOOM at major conferences on different continents between 2020-2022.

I have been invited to be a major speaker at the Parliament of the World's Religions in Chicago August 14-18, 2023. Title: Evolution or Destruction of Humanity: Either are Possible in this Century.

In August of 2023, the Parliament of the World's Religions returns to the birthplace of the modern interfaith movement after 30 years away to celebrate 130 years of history in the city of Chicago. Parliament Convenings attracts participants from more than 200 diverse religious, indigenous, and secular beliefs and more than 80 nations.

Registrants enjoy access to all the plenary sessions, hundreds of breakout sessions, art & cultural exhibits, performances, a film festival, and countless opportunities to connect with individuals and organizations committed to justice, peace, and sustainability at the world's largest and most inclusive interfaith conference.

The 2023 Parliament of the World's Religions will be hosted in McCormick Place Lakeside Center (2301 S King Dr, Chicago, IL 60616).
