We are tied together in the single garment of destiny, caught in an inescapable network of mutuality. And whatever affects one directly affects all indirectly.

Love in Action

"... how much we do care for each other"

"When you go out and see the empty streets,
the empty stadiums, the empty train platforms,
don't say to yourself, "It looks like the end of the world."
What you're seeing is love in action.
What you're seeing, in that negative space, is how much we do care for
each other,
for our grandparents, our parents, our brothers and sisters,
for people we will never meet.
People will lose jobs over this.
Some will lose their businesses.
And some will lose their lives.
All the more reason to take a moment, when you're out on your walk,
or on your way to the store, or just watching the news,
to look into the emptiness and marvel at all of that love.
Let it fill you and sustain you.
It isn't the end of the world.
It is the most remarkable act of global solidarity we may ever witness."
